QUBELOK

Product Summary:

Capral Aluminium QUBELOK allows you to design and make your own decorator furniture, along with many other handy home storage items. The only limit is your imagination.

Applications:

The unique Qubelok system of construction lets you make tables, book shelves, display storage, hi-fi racks, coffee tables, planters ? dozens of furniture pieces that will make your house individually yours.

Features:

- Design furniture pieces to the exact sizes required.
- Holds both glass and timber/particle board shelves.
- Easy installation, assemble with just a hacksaw, mitre box and adhesive.
- Lightweight and strength combined.

Options:

- Accessories include rubber feet, castors and bumpons for glass tops.
- Available in stylish anodised or powdercoated colours.
- Sections come in Basic Square Tubing as well as Lipped Tubing for the inset of glass.
- 7 different connectors available, each fitting firmly in the tubing.

Specifications:

- Qubelok tubing is 25.4mm square.
- Available in 6.5m lengths.
